EMERGENCY FIRST AID

This course will provide you with the skills to manage emergency first aid situations, including managing the unconscious casualty, performing CPR, controlling bleeding and managing other life-threatening situations. It is suitable for people in workplaces and members of the public who want to be able to manage an emergency first aid situation.

This course covers the material in the first half of the *Provide First Aid* Course.

COURSE DURATION

This is a one-day, face-to-face training course

CERTIFICATE

On successful completion of this course you will be issued a statement of attainment in:

- HLTAID001 Provide cardiopulmonary resuscitation
- HLTAID002 Provide basic emergency life support

St John recommends, as per the *First Aid in the Workplace Code of Practice* and the Australian Resuscitation Council guidelines, that resuscitation skills are renewed every 12 months.

COURSE OUTLINE

This course covers:

- How to manage a first aid scenario
- Wounds and bleeding
- An unconscious breathing person
- An unconscious non-breathing person (includes CPR and use of an AED)
- Burns
- Chest pain
- Choking
- Anaphylaxis
- Drowning
- Asthma
- Shock

ASSESSMENT METHODS

A successful outcome for this statement of attainment will be determined by a range of different assessment methods including written assessment, observation of simulated and practical activities etc.

You will be required to demonstrate adult CPR on a manikin on the floor.

ENTRY REQUIREMENTS/PREREQUISITES

There are no entry requirements or prerequisites to undertake this training.

EMERGENCY FIRST AID
